SUBJECT : Revised FY 1977 Personnel Ceiling
REFERENCE : DD/A Memo to Office Directors dated
3 December 1975, subject: Revised

1. We have been advised that the Office of Security personnel ceiling will be reduced from [redacted] positions in FY 1977. This memorandum requests your reconsideration of that decision.

Office of Security has, during the past year, diverted as many as 25 full-time employees to this activity. That number has now been decreased to 18 employees and we are optimistic that with some further decreases in Freedom of Information Act and Privacy Act requests, the permanent staff of our Information Review Group can be further decreased to 14 employees. At present, however, only 11 positions have been made available for this activity.

c. In furtherance of Directorate policy encouraging inter-office rotational assignments, the Office of Security has accepted for rotational assignment to this Office four non-Security careerists; one each from the MG, ML, MZ and R Career Services. While we agree that this is a very worthwhile activity, it does result in blocking four positions which might otherwise be occupied by experienced Security Careerists.

3. Being already faced with the need to divert 11 officers to the Overseas Security Support Branch, three to seven officers to the Information Review Group, and having offered four positions for inter-office rotational assignments, the prospective loss of three positions in FY 1977 will severely limit the Office's ability to successfully carry out essential programs. In order that we may continue to function effectively without curtailing the tours of those now serving with us on inter-office rotational assignments, it is requested that you restore the Office of Security's personnel ceiling to positions in FY 1977. 25X9
